Type and length of interim order:
The Fitness to Practise Committee imposed an interim order of conditional registration on 2 October 2018 for a period of 18 months. This order was reviewed on 20 March 2019 where the Committee determined that the order should be maintained (with variations to the conditions). The order was reviewed again on 19 July 2019 and the Committee determined that the order is to continue (without variation).

The order will be further reviewed within 6 months from today unless all matters are resolved within that time, or earlier should new evidence be made available, or if the registrant, at any time after three months from today’s date, requests an early review.

The list of public conditions imposed are as follows:

1. You must inform the following parties that your registration is subject to conditions. You should do this within two weeks of the date this order takes effect, and in any event before you provide any optometric services:

(b) You must not accept any other employment outside the dates provided unless you have provided the employer's details to the GOC in advance.

3. You must provide the declaration form annexed to these conditions to your employer at the start of each working day, to be completed at the end of that day. This completed form must be submitted to the GOC within seven days of its completion.
